Books come unexpected!
Books invade cities and quiet villages! Not all people will be able to escape! Save yourselves while you still can...

BEWARE OF BOOKS!!!
They are coming! They are getting closer...

<http://art-edu-studio.com/semiofor/dasha-r.html>

Books are sharp-sighted creatures! They love staring at one another and at you, too...

<http://art-edu-studio.com/semiofor/dasha-r.html>

Books love exploring everything, they love studying things in laboratories! Yeah, that's true! It's due to books that we get all kinds of solutions, mixes and compositions!

What do you think books eat?

They eat people immersed in thinking! Be careful, because they might eat you up if you are distracted even for a second!

<http://art-edu-studio.com/semiofor/dasha-r.html>

What do books play? They play one another! Sure they have toys, but it's a lot more interesting to play the role of their younger brothers or sisters.

<http://art-edu-studio.com/semiofor/dasha-r.html>

Books read one another! What else can they read? They also crave for breathtaking adventures, romances and novels!

<http://art-edu-studio.com/semiofor/dasha-r.html>

Books are very nice and friendly creatures! They really love one another though they are so different!

<http://art-edu-studio.com/semiofor/dasha-r.html>

How do books entertain themselves? They sing in bars, cafes and karaoke bars!
They've got weird rustling voices!

<http://art-edu-studio.com/semiofor/dasha-r.html>

After all the adventures it's time to take a nap! Books sleep leaning against one another!
